Dear Alabama Baptist Family, Pastors, Leaders and Citizens:

I'm sure you are aware of the flooding that is still impacting many of our brothers and sisters in the Houston area. As Christians, we are instructed to help those in need, just as our friends and families helped with the April 2011 tornado relief. Therefore, I am asking you to join in with us as we provide services and supplies in the Houston area. Specifically, I am requesting two major contributions:

- First, I am asking all churches engage in corporate and individual prayer on a continual basis for those two areas that our loving and merciful God will show Himself present and powerful in their situation and bring healing to their hearts, their minds and their land.

Secondly, I am asking that churches and individuals give to disaster relief for Houston. Please give what you can.

Because the needs in the Houston area are pressing, I communicate a sense of urgency in our relief efforts. Please direct all questions, inquiries and checks to:

ASMBC Disaster Relief

P.O. Box 2792

Tuscaloosa, AL 35403

At this time, we are only obtaining monetary donations. Thank you in advance for "bearing one another's burdens" in such a time as this.

Yours in the mighty name of Jesus,

Vernon Swift, President

ASMBC
