

ALABAMA STATE MISSIONARY BAPTIST LAYMEN

MARCH 30, 2011

Greetings Friends,

Pray all is well with you and the brotherhood, God is still sending blessings our way. I trust that your board meetings were productive and well attended and that you planted good seed and will reap a fruitful harvest on your annual days later in the year.

Now gentleman, a reminder of the approaching deadline for housing registration to the Walter Cade Workshop in Dallas. Remember our deadline for Alabama is May 15th so it's not too early to start, in fact we have mailed thirty (30) plus from the southeast and are receiving and sending more each week. Your timely response will enable me to avoid a last minute rush here, also remember the committee in Dallas has six (6) states of paperwork to process, So we all benefit when we work together.

I encourage you to send any that you have and continue to work until the May 15th deadline. While drafting this letter, I received a call from Mr. Brooks, grounds superintendent from our school Selma University, about the proposed "clean-up" day that we agreed to do during the board in January. Scheduling on their part has been a problem; they appreciate our offer but will get with us in the future to carry out this labor of love for our campus.

Again, I look forward to hearing from you real soon on your housing registration. Let us all continue to push to reach our goal of

"FOUR HUNDRED FOR DALLAS"

I remain yours for service.

A. L. Folmar
